Uzman Psikolojik Danışman

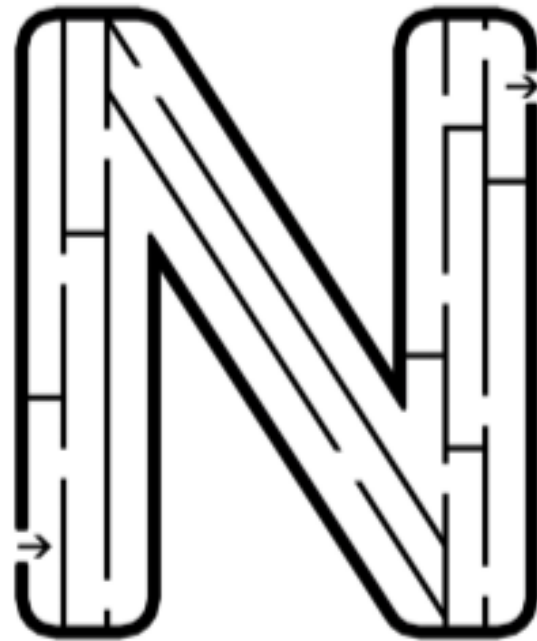

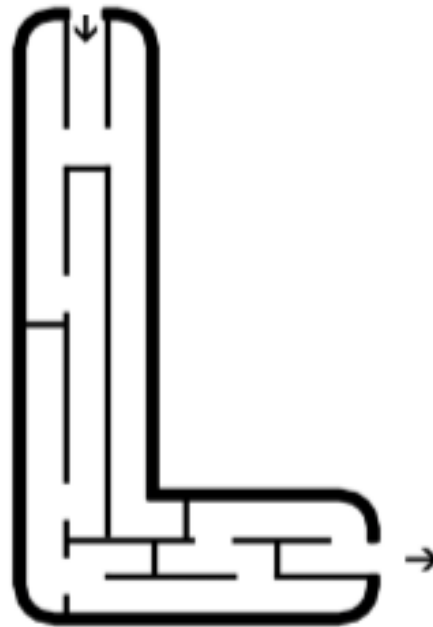

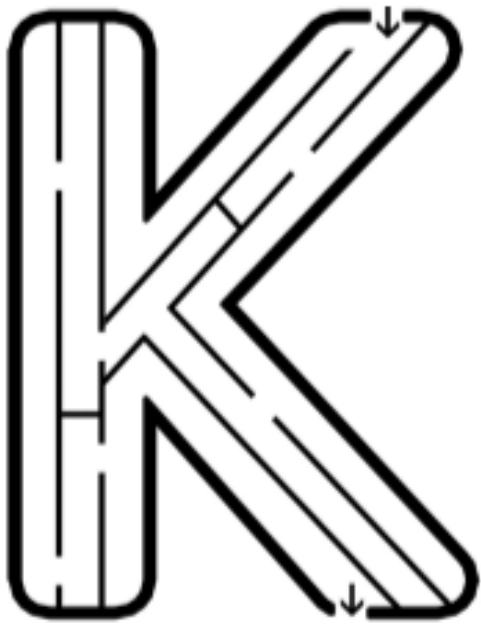

Nasıl Kullanılır?

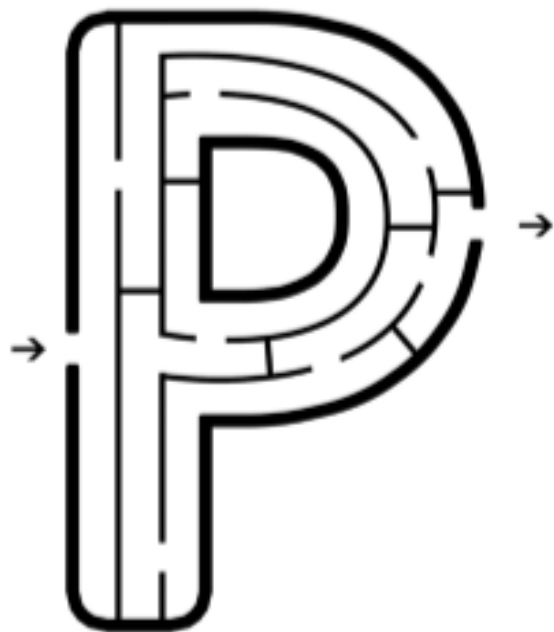

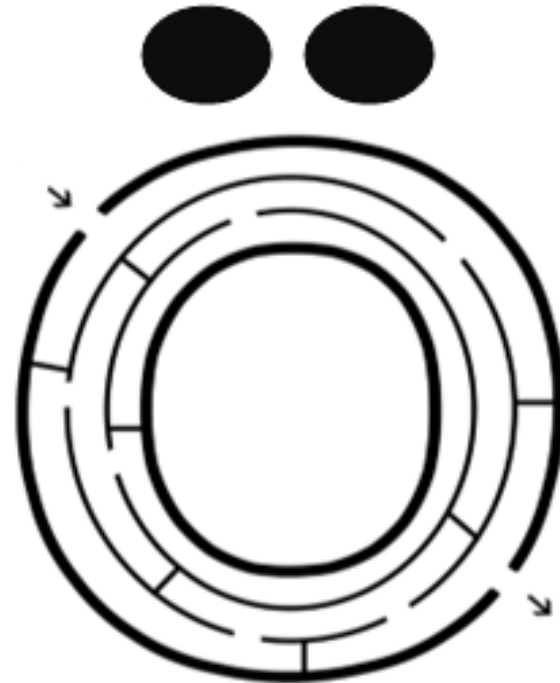

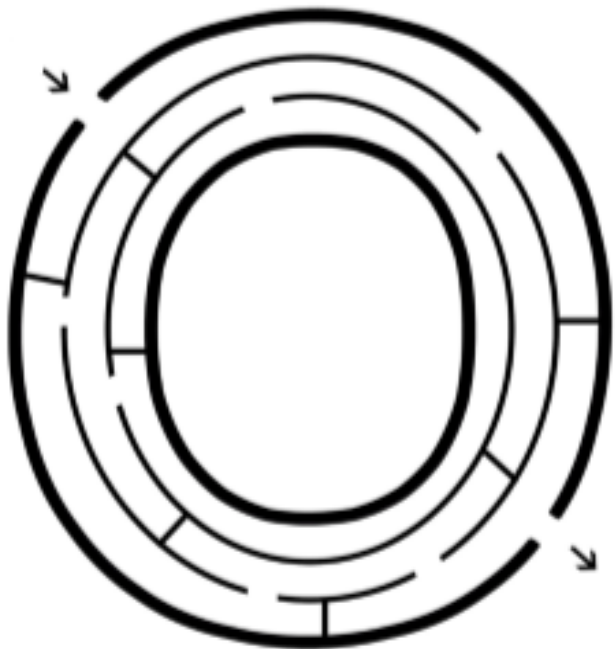

- İlkokul öğrencileri ve ortaokul 5.-6. sınıf öğrencileri için uygundur.
- Her sayfada alfabenin harflerinden oluşan labirentler bulunmaktadır.
- Öğrenci önce bir labirenti tamamlayacak daha sonra tamamladığı labirent hangi harf ile başlıyorsa o harfle başlayan mesleği gösterilen üç meslek resmi içerisinde seçecektir.
- Ortaokul öğrencilerinde zorlaştırmak için el kaldırmadan labirenti tamamlama görevi verilebilir.
- Labirenti tamamlarken öğrenciler dikkat çalışması yapmış olacak, meslekleri bulurken de mesleki rehberlik kazanımlarına uygun olarak bir etkinlik gerçekleştirilmiş olacaktır.
